

3rd INTERNATIONAL MAIL ART CALL FOR PROPOSALS "Arte in Movimento" / "Art in Motion"

Colaboratorio [art, space & movement] Project opens a new call for proposals to participate in the 3rd version of its International Mail Art Exhibit 2016/2017.

What is Colaboratorio Art Project?

We consider ourselves as a *center without walls*, a meeting point open to researchers, academics, students and general public interested in a networked learning space; working flexibly and collaboratively around themes such as *art*, *movement* and *space*.

Colaboratorio [art, space & movement] seeks to build collective knowledge around the globe while keeping up with constant development.

Colaboratorio [art, space & movement] is comprised of a group of professionals of different artistic disciplines who serve voluntarily just for love of the art. We do not receive sponsorship of any kind. For further information about our Art project we invite you to visit the following link:

The second edition was open on October 10th 2014 and took place in the cities of Gravina in Puglia, Italy and Sao Paulo, Brazil.

Till now "Art In Motion" has involved 278 artists from 42 different Countries.

Both collections I y II have a total of 546 works.

We have done seminars and workshops in different educational institutions as part of the communication circuit proposed by the project.

News for the 3rd edition

1. Voters in our Facebook page selected the subject of this new edition.
2. This year we are opening a section especially for kids. We are interested on discovering the point of view of the little ones about the subject that has been proposed. To participate you just have to create a postcard, 10x15cm, under the name frontier(less). The technics can be two styles of your preference (design, collage, painting). Write behind the postcard: name, title of your work, age, country of precedence. For more information contact us: colaboratorioarte@hotmail.com – att. Adriana Cordero

How to help the project?

As we already mentioned Colaboratorio Arte is based on voluntary work and does not receive any private or governmental aid. For that reason we have planned two activities to collect funds. We hope our artists spread the activities through their own networks:

1. **Art objects sale:** the artists whom want to collaborate with the project can release their work's commercial and non-exclusive image reproduction rights to allow us to create merchandising for selling in our website and the exhibitions. If you want to participate this way your work must fall under the category of *free cultural work*; for those purposes please write on the back of your work: **"I release the non-exclusive commercial rights of this work to Colaboratorio Arte"**.
